Aqua-Flex

Adhesive and Sealant

- flexible • strong • durable

Special adhesive and sealant for a variety of applications, also on wet and humid surfaces. WEICON Aqua-Flex is gap-filling (<25 mm) and cures practically without shrinkage to a permanently elastic material. WEICON Aqua-Flex adheres to almost all materials and is especially suitable for:

- sealing tubes and water pipes
- the repair of tiles and joints, even under water*¹
- bonding decoration elements in gardens, PVC foils, etc.
- sealings in humid areas and in the sanitary sector*²
- bondings and repairs in the maritime sector
- repair of roof leakages*³

Advantages of WEICON Aqua-Flex:

- resistant to sweet and sea water
- extraordinary aging stability
- good UV stability
- permanently elastic after curing
- fast skin-over time
- free of silicone and solvents, neutral in odour

Instructions for use:

Cut nozzle to required size.

Skin-over time approx. 25 minutes,
cured 3 mm after 24 h.

Processing temperature: +5°C to +40°C,

Temperature resistance: -40°C to +90°C.

Best bonding results are achieved on clean, oil- and grease-free surfaces.

Shelf life:

12 months in unopened cartridge

*¹ not suitable for applications in chloric water

*² bacterial infestation possible

*³ not compatible on bituminous surfaces

- Art.-No. 13700310 weiß/white
- Art.-No. 13701310 schwarz/black
- Art.-No. 13702310 grau/grey
