### **Weicon at trade fairs in 2025**

Weicon, the Münster-based manufacturer of adhesives and sealants, is represented at many trade fairs around the world every year. But what will happen over the next 72 days is extraordinary, even for this internationally active company. Until the end of November, the family-owned company, based in the industrial park at Kleimannbrücke, will be represented at 18 trade fairs.

### **Australia and Argentina**

Weicon employees are currently attending a shipping trade fair in London, and tomorrow a naval trade fair will begin in Mumbai, India, more than 7,000 kilometres away.

In addition to two trade fairs in Germany, the Weicon team will be attending 16 international events until the end of November. Among other places, the trade fair calendar will take them to Adelaide, Buenos Aires, Abu Dhabi and Busan in South Korea.

The fairs covered a wide range of industries – from mechanical engineering, mining and electronics to innovations in energy technology and the bulk goods sector.

“We’ve been presenting our products at many trade fairs for decades. It’s always a pleasure to travel and exchange ideas with trade visitors about new developments and exciting projects. Nothing can replace personal contact,” says Ralph Weidling, CEO of Weicon.
