

# Leak Detection Spray viscous

## Available sizes:

15403005	Leak Detection Spray viscous 5 L
15403010	Leak Detection Spray viscous 10 L
15403030	Leak Detection Spray viscous 30 L

## For detecting leaks on pressure pipes

WEICON Leak Detection Spray viscous is the quick, easy and reliable way to find leaks in gas and compressed air pipes and fittings. The spray does not form harmful compounds with the following gases: carbon dioxide (CO<sub>2</sub>), propane, butane, acetylene, oxygen, coal and natural gas, nitrogen, dinitrogen monoxide (N<sub>2</sub>O) and CFC and it is not non-flammable.

The spray is applicable wherever compressed air or gaseous substances are being used. Typical application areas are pipes, hoses, fittings, screw connections, valves and adapters.

## Technical Data

Odour	almost odourless
Shelf life min.	24 months
Features	approved for gas piping by German DVGW, suitable for oxygen and CO <sub>2</sub>
Colour	milky
Suitable for applying with	WSD 400 and WPS 1500
Temperature resistance	0 to +50 °C

## Processing

Stir the product well before use and then evenly apply a thin layer over the entire surface to be bonded with a paint brush or spatula (smooth or fine-toothed).

## Storage

Keep in closed original container. Protect from direct sun light. Storage temperature may not exceed +50°C. Store container in a cool, dry and ventilated place.

## Safety and health

When using WEICON products, the physical, safety technical, toxicological and ecological data and regulations in our EC safety data sheets ([www.weicon.com](http://www.weicon.com)) must be observed.

## Note

The specifications and recommendations given in this technical data sheet must not be seen as guaranteed product characteristics. They are based on our laboratory tests and on practical experience. Since individual application conditions are beyond our knowledge, control and responsibility, this information is provided without any obligation. We do guarantee the continuously high quality of our products. However, own adequate laboratory and practical tests to find out if the product in question meets the requested properties are recommended. A claim cannot be derived from them. The user bears the only responsibility for non-appropriate or other than specified applications.
